## WELCOME TO **Q-CAR**

Developed to meet the diverse needs of golf courses, resorts, residential estates, and numerous other environments, the Q-CAR range of golf cars offers an exceptional blend of comfort, design, and reliable performance. Q-CAR golf cars excel across every terrain and setting, making them the ideal choice for both leisure and utility applications.

Q-CAR perfectly combines advanced technology with user-focused design. Each model is equipped with a high-efficiency 5kW AC electric motor paired with a robust 51.2V / 150Ah Lithium battery system. This ensures consistent and dependable performance, extended battery life, and minimal maintenance, delivering peace of mind and excellent value.

Whether navigating sprawling estates, managing resort grounds, or enhancing the golfer's experience on the fairways, Q-CAR's electric golf cars set the standard for innovation, durability, and effortless operation.

Proudly powered by Qualitools Africa (since 1995)

# ABOUT US

## Q-CAR

is a proud subsidiary of Qualitools Africa, a company established in 1995 and renowned for its long-standing commitment to quality, reliability, and innovation.

Building on this strong heritage, Q-CAR delivers smart, sustainable electric mobility solutions designed to meet the needs of both leisure and commercial applications, combining proven expertise with modern technology to ensure dependable performance and long-term value.

## Engineered to Impress

Each Q-CAR golf car is engineered for optimal performance, long-term durability, and superior user comfort. Equipped with a high-capacity 150Ah lithium battery system, our vehicles deliver an impressive 80 – 90 km range per charge and are supported by a comprehensive 3-year warranty, ensuring reliability and peace of mind.

## Q-CAR Organisation

Guided by a passionate and experienced leadership team, and supported by the strong foundation of Qualitools Africa, Q-CAR is committed to delivering reliable, stylish, and environmentally responsible golf cars. Our vehicles are designed to meet the evolving needs of modern golf courses, residential estates, resorts, and a wide range of other applications.

## Technical Support

Q-CAR offers dedicated mobile technical and service support during standard office hours, ensuring expert assistance is always within reach. With nationwide representation, our team provides fast, reliable support across the country — giving you complete confidence and peace of mind with every Q-CAR purchase.

---

## THE **Q • CAR** VISION & MISSION

---

### **Vision**

To ignite a new era of golf mobility — where innovation meets elegance, and every journey unfolds with quiet power and grace. Q-CAR envisions a world where sustainable technology harmonizes with timeless design, transforming golf courses, resorts, and estates into landscapes of effortless movement and inspired experiences.

### **Mission**

Guided by passion and purpose, Q-CAR crafts more than golf cars — we create companions for the green, engineered to whisper across fairways with strength and silence. Rooted in the legacy of Qualitools Africa, we dedicate ourselves to shaping a future where every drive is a promise of reliability, comfort, and respect for the earth we cherish.

# WARRANTY

## OVERVIEW

---

### Peace of Mind with Every Q-CAR

At Q-CAR, we stand behind the quality and reliability of every electric golf car we deliver. Our comprehensive warranty coverage is designed to give you confidence and ensure your investment is protected.

### General Vehicle Warranty

Every new Q-CAR electric golf car is warranted against defects in materials and workmanship under normal use for 3-years from the date of purchase. Should any issues arise, we will promptly repair or replace the affected vehicle or parts to keep you moving smoothly.

### Lithium Battery (LiFePO4) & Charger Warranty

Our advanced lithium battery system, including the charger, comes with an extended 3-year warranty. This guarantees dependable power and peace of mind, knowing any manufacturing defects will be addressed through repair or replacement.

### 5kW AC Electric Motor Warranty

The heart of your Q-CAR—the 5kW AC electric motor—is also backed by a 3-year warranty against defects, ensuring sustained performance and reliability over time.

### Your Assurance

This warranty reflects our commitment to quality and customer satisfaction, offering clear protection and support throughout your ownership experience. For all warranty claims, our team is ready to assist you following our straightforward claim procedures. With Q-CAR, you enjoy not only exceptional golf cars but also the confidence of solid, customer-focused warranty protection.

### What's Not Covered

To maintain fairness and quality, the warranty does not cover normal wear and tear, parts that have been modified, or damage resulting from misuse, neglect, accidents, or electrical surges such as lightning.

*Upon purchase of a Q-CAR product, customers will receive detailed warranty documentation and additional information regarding coverage, procedures, and support.*

# FINANCE

## OPTIONS

Financing your Q-CAR golf car through WesBank is simple and convenient. Visit [www.wesbank.co.za](http://www.wesbank.co.za) to apply online and access supporting resources or contact WesBank's Vehicle Finance team on 0861 288 272 or [service@wesbank.co.za](mailto:service@wesbank.co.za) for assistance throughout the application process. Ask for Leisure Finance.

WesBank is Q-CAR's preferred finance partner. Customers are, however, welcome to arrange financing through any alternative bank offering suitable leisure or vehicle finance solutions.

Q-CAR is a registered vendor at all major banks in South Africa.

WesBank

# WHY Q•CAR IS A TRUSTED BRAND?

Q-CAR is built on a foundation of innovation, customer focus, and uncompromising quality assurance. Each vehicle is purpose-designed and precision-engineered to deliver dependable performance, refined comfort, and contemporary styling, ensuring consistent quality across the entire product range.

From the practical, entry-level **PAR** to the premium **EAGLE**, every Q-CAR model is developed to the same exacting standards. Advanced electric drivetrain technology, robust chassis design, and high-quality components are combined with rigorous testing protocols to ensure reliability and durability across diverse operating environments. Whether operating on golf courses, residential estates, resorts, or within industrial facilities, Q-CAR vehicles are engineered to perform with confidence.

Customer requirements are central to the Q-CAR philosophy. Vehicle design prioritises safety, intuitive operation, low maintenance requirements, and long-term reliability. This customer-led approach ensures that each model delivers efficient day-to-day performance while remaining cost-effective over its service life. Careful attention to ergonomics, ride comfort, and finishing details further enhances the overall user experience.

Supported by strict quality control processes and a trusted manufacturing and after-sales support network, Q-CAR provides customers with peace of mind and proven value. This commitment to excellence at every stage—from design and production to delivery and support—is what defines Q-CAR and establishes it as a trusted brand and a smarter way to move.

“

*“Owning my Q-CAR has completely changed how I get around our residential estate. It’s quiet, smooth, and feels premium in every detail – from the seats to the infotainment system. I use it daily for quick trips to the clubhouse or around the neighbourhood. Definitely worth the upgrade from my old petrol car!”*

**Pieter du Toit** (Hartbeespoort)

”

“

*“The Q-CAR handles beautifully on the golf course – plenty of torque even on the hilly fairways. The lithium battery lasts longer than I expected, I sometimes go four rounds before needing to charge it again and charging overnight is super easy. Five stars!”*

**Sihlangu Ndlovu** (Ballito)

”

“

*“I’ve had my Q-CAR for a while now and I’m still obsessed! It looks great, drives beautifully, and always gets noticed. The biggest problem? My wife and I keep fighting over who gets weekend driving rights!”*

**Johan Volschenk** (Emalahleni)

”

“

*“Excellent experience from start to finish! The whole buying experience was simple and professional – and great support throughout. Q-CAR offers unbeatable value for a premium lithium golf car, and the Q-CAR team really cares about their product and customers.”*

**Fred Maree** (Nelspruit)

”
