

“DEPENDABILITY, DELIVERED.”

150Ah Lithium Battery System **5kW AC Electric Motor**

INTRODUCING TO THE 2026 Q-CAR **TERRA 1**

Q-CAR proudly introduces the 2026 **Q-CAR TERRA 1**, a medium-capacity loader engineered to combine performance, practicality, and long-term value.

The **Q-CAR TERRA 1** stands as the ultimate workhorse in the Q-CAR range - purpose-built for strength, endurance, and versatility across any environment. Powered by a robust 5kW AC electric motor and a high-capacity 150Ah Lithium battery system, the Terra delivers exceptional torque and sustained performance for even the most demanding applications.

Whether it's transporting golf course waste, guest luggage, linen, housekeeping supplies, or maintenance equipment across resorts, lodges, estates, or hospitality villages, the **Q-CAR TERRA 1** delivers quiet, efficient performance. Its robust build, confident all-terrain capability, and well-balanced suspension provide smooth, stable handling that keeps staff productive and resort guests undisturbed.

Purpose-built to move substantial payloads without disrupting the guest environment, the **Q-CAR TERRA 1** blends dependable utility with a refined, contemporary aesthetic. The result is an electric workhorse that's tough enough for daily operational demands yet polished enough to uphold the professionalism and prestige of your brand.

MARKET-LEADING FEATURES

Advanced Powertrain

High-capacity **150 Ah** lithium battery system paired with a high-efficiency **5 kW AC** electric motor for smooth, reliable, and low-maintenance performance.

Loading Capacity

Lightweight Aluminium load bin with tailgate for easy loading (Dimensions: 1100mm x 770mm x 250mm).

Digital Display

Convenient digital display with speedometer, battery level indicator (%) and odometer.

Charging & Power Access

USB-A and USB-C charging ports; integrated onboard battery charger that plugs directly into a standard 220 V power outlet.

Lighting & Accessories

Full LED lighting suite including high and low beam headlights, brake lights, indicators, and hazard lights.

Optional Accessories

*Reverse camera, *12" alloy rims, side mirrors.

* Denotes optional extras

TRUSTED BRAND

Q-CAR is driven by innovation, customer focus, and uncompromising quality, with every vehicle purpose-designed and rigorously engineered to deliver reliable performance, refined comfort, and modern styling across a wide range of applications. From the entry-level PAR to the premium EAGLE and SHUTTLES, all models are built to the same exacting standards, combining advanced electric drivetrain technology, robust construction, and high-quality components to ensure durability and confidence in diverse operating environments. A strong emphasis on safety, intuitive operation, low maintenance, and long-term value, supported by strict quality control and a reliable manufacturing and after-sales network, positions **Q-CAR** as a trusted brand and a smarter way to move.

“

“Owning my Q-CAR has completely changed how I get around our residential estate. It’s quiet, smooth, and feels premium in every detail – from the seats to the infotainment system. I use it daily for quick trips to the clubhouse or around the neighbourhood. Definitely worth the upgrade from my old petrol cart!”

Pieter du Toit (Hartbeespoort)

”

“

“The Q-CAR handles beautifully on the golf course – plenty of torque even on the hilly fairways. The lithium battery lasts longer than I expected, I sometimes go four rounds before needing to charge it again and charging overnight is super easy. Five stars!”

Sihlangu Ndlovu (Ballito)

”

“

“I’ve had my Q-CAR for a while now and I’m still obsessed! It looks great, drives beautifully, and always gets noticed. The biggest problem? My wife and I keep fighting over who gets weekend driving rights!”

Johan Volschenk (Emalahleni)

”

“

“Excellent experience from start to finish! The whole buying experience was simple and professional – and great support throughout. Q-CAR offers unbeatable value for a premium lithium golf car, and the Q-CAR team really cares about their product and customers.”

Fred Maree (Nelspruit)

”
